

# The Lake Winola News

Publication of the Lake Winola Cottagers Association

July 4thth, 2019

Volume 70 Issue 7

*A lake is the landscape's most beautiful  
and expressive feature. It is earth's  
eye; looking into which the beholder  
measures the depth of his own nature.*

*-Henry David Thoreau*

*Thank you to everyone who came out this past weekend to celebrate and support the Lake Winola Fire Company.*

*A special congratulations to Barb Frear who won a beautiful hand carved table by Kevin Treat. Most of the other raffle items were by local residents. Hope to see you all again next year!*

*Congratulations!*

# BUSINESS SPOTLIGHT:

## MHW Business Spotlight

I have been coming to Lake Winola every year since 1981. My grandmother, Pearl Perry, had a cottage on the Scranton shore (cottage #79) which is still in the family. I have many fond memories of summers at the lake with my brother and friends boating, fishing, water carnival and regatta etc..

My in laws also own a cottage on shore road so in recent years I have spent a lot of time there with my wife Renee and our children Luke and Emma.

We have advertised for years in the Winola news due to the nature of our businesses and our local presence. Our Construction business was formed in 2003 and since then we have built houses, garages, additions, decks and retaining walls around the lake. In 2010 we formed a dock building division called DockWorks and have completed many dock and boathouse projects at the lake. After years of advertising our construction and dock building business in the Winola News we focused our advertising on our Landscape Supply Yard Division which began 5 years ago. Located on Rt 6&11 in Dalton we sell Mulch, Gravel, Decorative stone, Topsoil, Firewood and many other products to wholesale and retail customers. We have many customers at Lake Winola and the close proximity to our yard makes sense for us to support the LWCA and promote this Division every year.

One service we offer that I feel many lake residents may not be aware of is our Winter dock bubbler program. It's a seasonal service where we actually set up and install customer bubblers in the Fall, check on them throughout the course of the Winter to ensure they are running properly, then remove them in the Spring and store them at our shop. For a very reasonable fee you never have to deal with your bubbler again! Great for snowbirds and out of towners. We also sell bubblers, thermostats and other associated supplies. To get on your list or to make a purchase please call our office at 570-585-2530.

## BOARD MEMBER SPOTLIGHT

*Josette Abruzzini*

Hi there! My name is Josette Abruzzini and I run the Pot Luck Social that we put off in September. Be sure and sign up for the fun evening!

Sixteen years ago Vince and I were living in New Jersey when he found our cottage online. Even though we knew nothing about Lake Winola, and Vince wasn't able to come up right away to see the house, I came by myself and put in an offer that very day. We knew what we were looking for and we knew this was it, even in January with snow all around. Boy were we lucky! Lake Winola is a wonderful community and we moved here full time over four years ago.

My favorite memories have been hosting out-of-state family visits and sitting on porches with friends. A few years ago we celebrated my birthday on Carnival with a French Café on the dock. We had a blast!

We look forward to making many more memories in the years to come!

## *Catch of the Week*

*Rainy day fishing, 19.5 inch bass*

# *Sunscreen Safety*

**You can reduce your risk of skin damage and skin cancer by seeking shade under an umbrella, tree, or other shelter before you need relief from the sun. The sun's ultraviolet (UV) rays can damage your skin in as little as 15 minutes. Follow these recommendations to help protect yourself and your family.**

**Sunscreen Put on broad spectrum sunscreen with at least SPF 15 before you go outside, even on slightly cloudy or cool days. Don't forget to put a thick layer on all parts of exposed skin. Get help for hard-to-reach places like your back. And remember, sunscreen works best when combined with other options to prevent UV damage.**

**How sunscreen works. Most sunscreen products work by absorbing, reflecting, or scattering sunlight. They contain chemicals that interact with the skin to protect it from UV rays. All products do not have the same ingredients; if your skin reacts badly to one product, try another one or call a doctor.**

**SPF. Sunscreens are assigned a sun protection factor (SPF) number that rates their effectiveness in blocking UV rays. Higher numbers indicate more protection. You should use a broad spectrum sunscreen with at least SPF 15.**

**Reapplication. Sunscreen wears off. Put it on again if you stay out in the sun for more than two hours and after swimming, sweating, or toweling off.**

**Expiration date. Check the sunscreen's expiration date. Sunscreen without an expiration date has a shelf life of no more than three years, but its shelf life is shorter if it has been exposed to high temperatures.**

**Cosmetics. Some makeup and lip balms contain some of the same sun-protective ingredients used in sunscreens. If they do not have at least SPF 15, be sure to use other forms of protection as well, such as sunscreen and a wide-brimmed hat.**

**– Center for Disease Control and Prevention**

A reminder from Lake Winola 's Water Quality Committee to people  
who are removing milfoil...please be sure and remove  
every fragment of loose weed from the water,  
as they will otherwise take root and grow.

Thank you!

## COME SAIL AWAY

Lake Winola used to be a popular destination place for people to come by train, sail by ferry, and enjoy good food and entertainment in one of the local hotels. This year we're sailing away to that popular destination spot for good food catered by Gin's and entertainment by The Wannabees. Come dressed in Nautical attire or in your casual best and join us at the pavilion at 6pm for our annual Dinner Dance. Tickets are \$35 and must be purchased by July 7th. Call Amy at 570-954-1118 to make your reservation today!

### MENU INCLUDES

Appetizers  
Salad Bar  
Chicken Bruschetta  
House Baked Ham  
Homemade Mac and Cheese  
Roasted Potatoes, Veggies, Rolls  
Dessert and Coffee

## "THE LITTLE ORGANIZATION THAT COULD"

It all started in 1995 with a suggestion that there be no motorboats and jet skis on Sunday mornings until 11:00am. The idea met with an overwhelming positive response. Sunday mornings became full of kayakers, canoers, sailers and those who appreciate the lake as it was (way back when).

The L.W.C.A petitioned the Pennsylvania Fish and Boat Commission to make this regulation specific to Lake Winola. In 1999 they adopted the regulation that 'approved a slow, minimum height swell speed on Lake Winola. Wyoming County from sunrise until 11:00am on Sunday mornings during the period from Memorial Day until Labor Day'. This means Slow-No-Wake.

This regulation enforced by the L.W.C.A and Fish and Boat Commission is one we continue to value. Sunday morning take out your canoe, kayak, paddle board, or sail boat and enjoy the lake's beauty! Remember it was not just one person who made a difference on Sunday mornings, it was the combined effort of many L.W.C.A members to make it happen!

**Send us your stories, photos, and celebrations!**  
**Email us at [winola.news@lakewinola.org](mailto:winola.news@lakewinola.org)**  
**We'd love to hear from you!**

And be sure to hashtag #lakewinola on social media!
